

5 Gymnasiums Turned Into Swank Pads

By Charles Peacock

213 West 23rd Street

At 7,000-square-feet, this former Manhattan YMCA gym has been converted into a four-bedroom home. Located in Chelsea designed by Annabelle Selldorf and Jeffrey Beers, the space includes a central glass-enclosed walnut staircase, towering 29-foot ceilings and a surplus of natural light. A true masterpiece worth looking into.
